Skills

- Cybersecurity Incident Response
- Threat Hunting
- Detection Engineering
- Data Analytics
- Automation and Scripting
- Network Security and Protocols
- Technical Documentation and Training
- Security Frameworks and Compliance (e.g., NIST, ISO 27001)

Summary: Accomplished Cyber Security professional with over a decade of experience in the IT sector, specializing in threat intelligence and incident response as a DOD contractor. Combines a strong academic foundation in Information/Cyber Security and Data Analytics with practical expertise in SIEM, vulnerability assessment, and team mentorship. Adept at translating complex data into actionable intelligence to proactively mitigate emerging threats.

Work History

2025	Cyber Operator III (DOD Contractor) <i>JFL Consulting, Honolulu, HI</i> • Perform advanced cyber analysis and reporting using tools such as Elastic SIEM, Arkime packet capture, Suricata IDS, and Security Onion IPS. • Provide technical insights, recommendations, and guidance on find-and-fix actions in collaboration with leadership and subject matter experts.
2023 - 2025	Senior Cyber Operations Analyst (DOD Contractor) <i>Alakaina Inc., Honolulu, HI</i> • Monitored and analyzed security alerts in the Security Operations Center (SOC), validating, correlating and escalating incidents to mitigate potential threats, enhancing overall network defense. • Analyzed network traffic for anomalies using tools such as Elastic SIEM, Cisco FMC IPS, Microsoft Defender HIDS, ACAS Nessus and Veracode SCA • Worked with Cybersecurity on IA ensuring security controls and STIGs were in place to align with DOD RMF • Mentored junior team members, offering guidance on best practices and threat analysis techniques.
2021 - 2023	Cyber Intrusion Analyst (DOD Contractor) <i>Leidos Inc. , Honolulu, HI</i> • Analyze network traffic for anomalous activity using Splunk, Elastic and BluVector SIEM/IDS/IPS. • Built visualization dashboards in Splunk and Elastic streamlining analysis, security metrics and automation efforts. • Researched and synthesized intelligence data from diverse sources to strengthen vulnerability assessments and enhance proactive defenses. • Writing incident response reported as needed providing limited response analysis.
2018 - 2021	Cyber Threat Specialist (DOD Contractor) <i>TEKsystems, Aiea, HI</i> • Analyzed and assessed emerging cyber threats from OSINT and DOD reports • Provided actionable intelligence to proactively defend against potential security breaches and incidents.

- Ensuring the work flow of threat intel data is enriched into Host Based Security System, IDS/IPS systems
- 2018 **Enterprise Service Desk Agent (DOD Contractor)**
 Unisys Corp. , Honolulu, HI
- Provided technical support to US Army customers on the phone, email and remotely in Windows environment.
- 2017 **Help Desk Technician**
 Network 2000, Honolulu, HI
- Provided technical support to customers on the phone, email and remotely in Windows environment.
- 2016 **Cybersecurity Infrastructure Intern** (part-time)
 University of Hawaii at West Oahu - Kapolei, HI
- Assist faculty in design and implementation of servers for Information Assurance academic program
 - Installation, set up and testing of server virtualization hypervisor and Linux operating system including trouble shooting and establishing standard operating procedures
- 2013 - 2016 **IT Systems Support Technician** (part-time)
 Analyzer USA, Honolulu, HI
- Provided technical support to customers on the phone, email and on-site in Windows and Linux environments.
- 2011 – 2013 **Help Desk Support Technician** (part-time)
 Honolulu Community College, Honolulu, HI
- Provided technical support to faculty on the phone and on-site in Windows and Mac environments, including troubleshooting PC/Mac hardware.

Education

- 2022 **Master of Science: Cyber Security Information Assurance**
 Western Governor's University – Online
 Key Coursework: Cybersecurity Architecture & Engineering • Secure Network Design • Governance, Risk, & Compliance • Security Operations
- 2020 **Bachelor of Science: Data Science**
 Chaminade University of Honolulu - Honolulu, HI
 Key Coursework: Programming with R • Statistical Analysis • GIS • Data Modeling • Machine Learning
- 2016 **Bachelor of Applied Science: Information Security Assurance/Computer Networking Tech.** (dbl major)
 University of Hawaii at West Oahu - Kapolei, HI
 Key Coursework: IT Project Management • Network Management • Cloud Infrastructure • Network Security • Ethical Hacking | Secure Programming • Proactive System Security • Digital Forensics
- 2012 **Associate of Science: Computer Networking Technology**
 Honolulu Community College - Honolulu, HI
 Key Coursework: Computer Networking I & II • Sys Admin w/ Unix •

Certifications

- CompTIA
 - Network+
 - Security+
 - Cybersecurity Analyst+ (CySA+)
 - SecurityX (formerly CASP+)
- EC-Council
 - Certified Ethical Hacker (CEH)
 - Computer Hacking Forensics Investigator (CHFI)
- ISC²
 - Certified in Cybersecurity (CC)
- SANS
 - GIAC Foundational Cybersecurity Technologies (GFACT)
